JARUSHA NOLAN

UI DESIGNER/PHARMACIST

BIO

UI/UX and frontend development designer, with strong creative and analytical skills and a comprehensive pharmaceutical understanding. Able to solve complex problems collaboratively and independently. Aim is to bring seamless and engaging digital products to life, that are responsive, user-focussed and innovative. Looking to transform the health and well-being space, in a setting that aligns with these goals.

EXPERIENCE

CLINICAL PHARMACIST

St John of God Healthcare | Sydney

Oct 2020 - Present

Effective medication reconciliation | Aligning with healthcare team to ensure patient safety | Provision of simple patient medical information | Patient de-escalation and sensitive counselling | Adherence to hospital formulary to maintain the budget

CLINICAL PHARMACIST

NSW Health (formerly HDHS) | Sydney

Sept 2019 - April 2023

Broad understanding and use of PBS system | Ensured pharmaceutical services met NSW accreditation standards | Managed inventory hospital-wide | Promptly reported adverse drug reactions to TGA | Precise in-service training to medical team | Implemented an audit to analyse antimicrobial stewardship across the hospital

PHARMACIST

Lynch's Pharmacy | Sydney

Nov 2005 - Sept 2020

Undertook service claiming to improve pharmacy remuneration | Created and implemented stringent policies to meet accreditation processes | Mentored staff | Ensured smooth flow of medication management systems | Spearheaded health promotional events to improve patient knowledge base

WEB DESIGNER

Freelancer | Sydney

June 2019 - Present

Designed two websites using a template builder for small businesses

www.cocktailhour.com.au

www.lightofthelotus.com.au
